

FOR IMMEDIATE RELEASE

Black Wall Design Co. donates to new children's exhibit at Wonder Works Children's Museum

- **CHICAGO — January 28, 2023** — [Black Wall Design Co.](#), a local general contracting and renovation firm, donated to the buildout and construction of the Wall Of Wonder, a new permanent exhibit at Wonder Works Children Museum located in Oak Park, Illinois, which opened on January 11, 2023.

“As a firm, we believe that we all must do our part to build a stronger, bolder, and more prepared generation of leaders,” said Dareon Woodard, Black Wall Design Co. Founder and CEO. At the Wall of Wonder, new worlds and ideas are created, “Black Wall Design Co. is thrilled to have been part of bringing children’s imaginative play to life.”

The new exhibit — Wall of Wonder — empowers children to build up the walls of the children’s museum using big, colorful foam blocks in a variety of sizes and shapes such as pegs, ramps, balls, animals, and smiley faces. Located at the entrance to the museum, the Wall of Wonder panels provide an entirely new building dimension that fosters creativity and exploration.

Black Wall Design Co. donated over \$5,000 to the cause.

Building and play can occur on the walls and the floor while the foam texture of the blocks make them moveable for small children. As children build, they practice collaborative and communal play, making plans, assisting others, creating the rules of their play, along with learning to negotiate, share ideas, and expressing their ideas and feelings with their peers.

The Wall of Wonder helps set the foundation for physics and math in young children. The ramp and roll components encourage players to make predictions and develop their cause and effect reasoning. The concepts of shapes, size, length, and spatial awareness are present and strengthen gross and fine motor skills by manipulating the various sizes of construction materials.

In addition to Black Wall Design Co., the Wall of Wonder was made possible by the Illinois Department of Human Services and Senator Don Harmon.
